## for next generation champions

Tuesday 19th to Friday 22nd September 2017

This summit is offering training, mentoring, encouragement, prayer and support to leaders across USA who have a heart to see children mobilized, equipped and released to serve God through prayer and intercession.

What is **Yes! Revolution** Please check us out [www.yesrevolution.net](http://www.yesrevolution.net)

**OUR VISION:** We say YES! to imparting the 2 Timothy 2:2 mandate to train reliable leaders who will be responsible to teach others.

We endorse the Psalm 78:5-7 command that each generation must be responsible for the next.

**OUR MISSION:** To provide an international leadership training and internship program and host regional leadership training summits. We say YES! to relationship, discipleship and impartation, through global partnership. We say YES! to demonstrating that God wants children to pray and calls them into relationship with Him to live as His sons and daughters.

There will be opportunity for networking, sharing of hearts and passions, sharing challenges and praying for each other, sharing of different models and strategies, as well as allowing time for strategic planning and prayer. The Yes! Revolution partners from Australia, UK and the USA each have over 20 years of experience working with children, especially in the areas of prayer, worship, discipleship and mission.

**VENUE:** Emerging Streams Ministry Center, Stryker Ohio, [emergingstreams.org](http://emergingstreams.org)
